## BRYAN'S VISIT A FAILURE; ALIEN LAND BILL ADOPTED

*Provides No Alien "Ineligible to Citizenship" Can Hold Land in California; Snub Is Taken*

**SACRAMENTO, Cal., April 29.**—If the purpose of the visit of Secretary of State Bryan was to check further action by the legislature on an alien land law directed against the Japanese, his mission has been a failure.

The conferences between Secretary Bryan and the legislature closed at 11:30 o'clock tonight.

Within three minutes, and before most of the spectators knew what had occurred, Senator A. E. Boynton, president pro tem of the upper house, convened the senate and an amended land bill, which provides that no alien who is ineligible to citizenship under the laws of the United States may hold real property in California, was adopted as a substitute for the pending measure by unanimous *viva voce* vote.

It will come up for final passage in the regular course of business Thursday morning and undoubtedly will be approved, according to the predictions of the administration leaders. When it comes to Governor Johnson it will be signed.

### Conforms With Treaty.

The new bill is drawn in strict conformity with the treaty between Japan and the United States, but all efforts to secure an opinion from Secretary Bryan or President Wilson failed, and the state leaders decided forthwith to proceed with their plans for enacting it into law.

Secretary Bryan brought into the final conference tonight further messages from President Wilson, but they met with no response from the legislators. At the close of the secret meeting Governor Johnson and a number of the administration leaders declared their opinion remained unchanged.

President Wilson's messages were in the form of replies to questions asked Secretary Bryan on the preceding day. In answer to the question as to the effect a law containing the words "ineligible to citizenship" would have upon the federal government, President Wilson sent the following to Secretary Bryan:

### President's Reply.

"I can only say that I cannot assume that the representations heretofore made to the governor and the legislature, and which your presence in Sacramento must necessarily have great emphasis, will be disregarded, and so render it necessary to consider that question."

That was taken as the nearest approach to a threat of danger that has been made since the conference began. In reply to a question as to whether the substitute bill drawn by Attorney General Webb, which was acted on by the senate later, would be acceptable, Secretary Bryan said:

"I have telegraphed to President Wilson and he deems it inadvisable to sanction any particular statutes or forms of legislation. He thinks that it should be made emphatically evident

## ITALY ASKED TO SUPPORT AUSTRIA

**FINAL MOVE EXPECTED TOMORROW**

**No Troops Yet Moved Into Montenegro by Austria. Railroads Taken**

**LONDON, April 29.**—Up to a late hour tonight the British foreign office had no news that Austria actually was taking separate action against Montenegro. It is understood that Austria is waiting the result of the ambassadorial conference on Thursday and employing the interval in an endeavor to induce Italy to join her in military action.

The meetings of the ambassadors in London have shown almost conclusively that a majority of the powers are not prepared to adopt warlike measures against Montenegro. It is thus practically certain that, within a few days, whether Italy consents or not, Austria will dispatch an ultimatum to Cetinje, demanding the immediate evacuation of Sarajevo.

Not another word of Essad Pasha's doings in Albania has been received. Ismail Kehal Bey, head of the provisional Albanian government, has arrived in London to enlist British support. He and other Albanians do not regard Essad Pasha's coup very seriously, but the opinion seems to be growing among diplomats here that an administration under Essad Pasha in Albania might not be such an impossible solution of a difficult problem.

It is considered that Essad Pasha as an influential Albanian, with a strong following and the prestige of a gallant defense of Sarajevo, might be more acceptable to Albanians than a foreign prince and that if allowed to retain his self-chosen post he might be inclined to make territorial concessions which would compensate Montenegro.

## Keen Interest Is Shown in Cleanup Day Next Saturday

**Cleanup day Saturday promises to fulfill all expectations of those most interested in its success, and already the organization of the "Children's Cleanup" through the city schools, has been having its effect. The various schools are organizing to work for the prizes offered for the best results shown at the end of the day, and back yards and front yards, alleys and streets will be carefully cleaned for particles of refuse.**

The fact that the city street department will carry off all refuse, if ratified, will be an added incentive to work. Residents are requested to call Main 300 and designate their address, and bags will be sent to hand off all refuse that is gathered in piles.

The distribution of seeds and plants on the East Pikes Peak avenue, under the direction of the City League, will be an added feature of the day. These plants and seeds will be given out from 8 a.m. to 6 p.m. Saturday, and all those having the care of distribution are asked to bring them as early as possible Saturday.

## MISSOURI PACIFIC GRANTS INCREASE TO EMPLOYEES

**SEALIA, Mo., April 29.—A wage increase of 2 to 12 cents an hour for blacksmiths and increases averaging 2½ cents an hour for boiler makers, machinists, machinists' helpers, painters and carmen employed on the system were granted today by the Missouri Pacific railway after a conference covering seven weeks. The increase is effective May 1.**

## MRS. O. H. P. BELMONT ATTENDS SUFFRAGE MEETING IN LONDON

MRS. O. H. P. BELMONT  
Noted American Suffragist.

**LONDON, April 29.**—Mrs. O. H. P. Belmont and Mrs. Carrie Chapman Catt of New York occurred from seats on the platform at the meeting of the Women's Social and Political Union at Kingsway hall tonight to protest against the forcible feeding of notorious suffragists. Neither of the American women spoke but showed approval of the speeches by presented

force feeding as barbaric, the feed and mouse bill as an abomination and the Liberal ministry as a pack of lawless mongrels.

Resolutions denouncing forcible feeding were adopted with great enthusiasm by the large audience.

Mrs. Belmont, who is staying at a hotel in London, gave the following statement to the Associated Press to-day:

"I am just what I say when I declare that New York fails to awake us, shall introduce militant methods to the of the type used in England. I also mean what I said before leaving

England. But I was compelled to stay here because I found spring

time in England under way in my daughter's

home."

The duchess of Marlborough, Mrs. Belmont's daughter, who was expected to be present, did not appear. At the close of the meeting Mrs. Belmont contributed \$50 to the war chest, which her request was announced as

"After all, though I had the majority of the legislators left, and certainly do myself, that no sufficient reason has thus far been presented

that should cause California to hold any contemplated legislation."

If any law be enacted, it may be safely asserted the treaty obligation will be scrupulously observed. The Japanese will not be stung but by any act. The classification made by

## HOME INDUSTRY WEEK, THREATENED ATTACK MANUFACTURERS SAY

**GUAYMAS DELAYED**

All Articles Made Here to Be Placed on Exhibition Beginning May 19

**Villa's Insurgents Escape to Mountains With \$100,000 Worth Bullion**

**NOGALES, Ariz., April 29.**—The insurgent state troop attack on the industrial center of Guaymas has been indefinitely delayed, said arrivals from the California gold port. They reported that the Federal Garrison was strongly entrenched in Guaymas and that while the insurgents held Empalme, across the bay, no recurrence had occurred of the long distance bombardment of last week.

The constitutional forces were said to have suffered heavily from desertions. Railway traffic has been suspended between Empalme and the border.

**Huerta Overthrow Predicted.**

**CITIAGO, April 29.**—The Huerta government in Mexico probably will be overthrown within two weeks, said Robert J. Kerr, an attorney, who recently came from Mexico in an attempt to rescue the Constitutionalists.

"The situation there is far more serious than is the Balkan situation. Americans are forced to flee from Mexico

because the American flag is not as much respected there as are the flags of other countries, and Americans

if they remain do not know whether they will be able to secure damages for their ruined property."

**Diaz-Carranza.**

**EAGLE PASS, Texas, April 29.**—Reports say that negotiations for an alliance between Felix Diaz and Governor Carranza, constitutionalist leaders, are about to be completed.

The manufacturers of surrounding exhibits. Another will secure the window space from the merchants. Another will have charge of the assigning of the space. And a fourth will gather statistics and carry on the educational work in connection with this campaign.

The people of Colorado Springs do not realize the great variety of articles that are made in this city and vicinity, and the importance of giving their support to them was indicated at the meeting, and it is believed that a better understanding, not only of what has been done but also of the increased development of local industries that would be possible with greater home participation, will result from this week's display.

Yesterday's meeting was attended by about 100 representatives of manufacturing and industrial firms, and brought forth a great deal of enthusiasm. When the plans of the committee on trade and industry for this week were broached they met with an immediate response and it was evident that the campaign would have the hearty cooperation of all manufacturing parties of the city.

The fact that the city street department will carry off all refuse, if ratified, will be an added incentive to work. Residents are requested to call Main 300 and designate their address, and bags will be sent to hand off all refuse that is gathered in piles.

Insurgents Get Bullion.

**EL PASO, Texas, April 29.**—Captain Kidd's burglar Francis B. Williams, who is the man who got away, was last night held at gunpoint by a gang of desperadoes.

Two of the agents who reached here last night were Elton Arendondo and Francisco Quevedo, Carranza's confidential agents. They went immediately to Monclova, Mexico, to consult with the governor. The other two are Miguel Gonzales and Leopoldo Martinez, said to be representatives of Felix

Diaz.

Twenty-nine delegates from the eight commercial bodies of Denver paid Colorado Springs a visit yesterday and met with the Chamber of Commerce last night at the association's rooms in the Burns building, to patch up differences of long standing between the two cities and to strengthen a good feeling between the two cities.

The delegation will go today to Pueblo on its "get-together" excursion, whereby Denver, Colorado Springs and Pueblo will be joined more closely on matters of statewide as well as local interests.

A suggestion that may be crystallized into action was made during last night's meeting by Leopoldo E. Curtis of this city, president of the State Good Roads association and prominent in affairs of the local Chamber.

Mr. Curtis suggested the formation of a state central organization that would look more closely into affairs of state-wide and sectional prominence and that would eliminate as much as possible any feeling between the cities of the state.

Mr. Curtis' suggestion followed one of George W. Martin's ideas which was for the appointment of three representatives each from the three cities who will keep in touch with affairs of this section and adjust the differences between the towns. The principal object of the delegates will be to promote the friendly interests of the territory represented.

Mr. Martin, who originated the scheme of getting the three cities closer together, is

"just as desperate and wired my mother to come and get me," he said.

## SCENIC INSTEAD OF HISTORIC ROUTE

**RAILROADS ASK FOR MORE TIME**

## NAT'L OLD TRAILS ASSN. HOLDS MEETING

**Various Methods Suggested for Improvements Roads of Country**

**KANSAS CITY, April 29.**—The western end of the proposed ocean-to-ocean highway will pass through a section of the country characterized by scenery rather than historical interest. This was decided tonight by the delegates attending the convention of the National Old Trails association.

The delegates who came here to urge the convention to choose a scenic route for the highway from Santa Fe, N. M., west to the Pacific coast, carried their point after a lively fight. The association nearly a year ago tentatively selected the historic route south of Santa Fe to El Paso, thence west through Deming, N. M., and Tucson, Ariz., by the Sulphur seat in California to Los Angeles. This route was opposed by delegates from Gallup, N. M., Holbrook and Flagstaff, Ariz., and Needles and Barstow, Cal.

## BRYAN'S VISIT A FAILURE; ALIEN LAND BILL ADOPTED

**Provides No Alien "Ineligible to Citizenship" Co. Hold Land in California; Snub Is Taken**

**SACRAMENTO, Cal., April 29.**—If the purpose of the visit of Secretary of State Bryan was to check further action by the legislature on an alien land law directed against the Japanese, his mission has been a failure.

The conferences between Secretary Bryan and the legislature closed at 11:30 o'clock tonight.

Within three minutes, and before most of the spectators knew what had occurred, Senator A. E. Boynton, president pro tem of the upper house, convened the senate and an amended land bill, which provides that no alien who is ineligible to citizenship under the laws of the United States may hold real property in California, was adopted as a substitute for the pending measure by unanimous *viva voce* vote.

It will come up for final passage in the regular course of business Thursday morning, and undoubtedly will be passed, according to the predictions of the administration leaders. When it comes to Governor Johnson it will be signed.

**Conforms With Treaty.**

The new bill is drawn in strict conformity with the treaty between Japan and the United States, but all efforts to secure an opinion from Secretary Bryan or President Wilson failed, and the state leaders decided forthwith to proceed with their plans for enacting it into law.

Secretary Bryan brought into the final conference tonight further messages from President Wilson, but all they met with no response from the legislators. At the close of the secret meeting Governor Johnson and a number of the administration leaders declared their opinion remained unchanged.

President Wilson's messages were in the form of replies to questions asked Secretary Bryan on the preceding day. In answer to the question as to the effect law containing the words "ineligible to citizenship" would have upon the federal government, President Wilson sent the following to Secretary Bryan:

**President's Reply.**  
I can only say that I cannot assume that the representations heretofore made to the governor and the legislature, and which you present in Sacramento, must necessarily have greatly emphasized, will be disregarded, and so render it necessary to consider that question.

That was taken as the nearest approach to a threat of danger that has been made since the conference began.

In reply to a question as to whether the substitute bill, drawn by Attorney General Webb, which was acted on by the senate later, would be acceptable, Secretary Bryan said:

I have telegraphed to President Wilson and he deems it inadvisable to sanction any particular statutes or forms of legislation. He thinks that it should be made emphatically evident

## ITALY ASKED TO SUPPORT AUSTRIA

### FINAL MOVE EXPECTED TOMORROW

No Troops Yet Moved Into Montenegro by Austria.

Railroads Taken

**LONDON, April 29.**—Up to a late hour tonight the British foreign office had no news that Austria actually was taking separate action against Montenegro. It is understood that Austria is waiting the result of the ambassadorial conference on Thursday and employing the interval in an endeavor to induce Italy to join her in military action.

The meetings of the ambassadors in London have shown almost conclusively that a majority of the powers are not prepared to adopt military measures against Montenegro. It is thus practically certain that, within a few days, whether Italy consents or not, Austria will dispatch an ultimatum to Cetinje, demanding the immediate evacuation of Scutari.

Not another word of Essad Pasha's doings in Albania has been received. Small Kemal Bey, head of the provisional Albanian government, has arrived in London to enlist British support. He and other Albanians do not regard Essad Pasha's coup very seriously, but the opinion seems to be growing among diplomats here that an administration under Essad Pasha in Albania might not be such an impossible solution of a difficult problem.

It is considered that Essad Pasha, as an influential Albanian, with a strong following and the prestige of a gallant defense of Scutari, might be more acceptable to the Allies than a foreign prince and that, if allowed to remain his self-chosen post he might be induced to make territorial concessions which would compensate Montenegro.

**PHILADELPHIA**, April 29.—Judge Miller in the United States court refused a new trial to the convicted promoters and officers of the fractional laundry and development company and immediately imposed sentence upon the five men. Mr. Murphy and Isidore Miller, of two of the promoters of the company, received \$10,000 each and sentenced to six months imprisonment; William Armstrong, Jr., of Philadelphia, a top business manager of the company, and Charles P. McMahon, Philadelphia's surety and treasurer, were given \$2,000 each and given two years imprisonment. Col. Alfred C. Stewart, of Jersey City, a director, was fined \$1,000 and given one year's imprisonment.

It was mentioned in the trial that the men had been interested in property and used the name and address of advertisements to sell to the government charged that the company was fraudulent and that \$10,000 was realized by the men.

## MURDOCK THORN IN SIDE OLD PARTIES ON CAMPAIGN PUBLICITY

**WASHINGTON**, April 29.—Representative Murdock of Kansas, the door leader of the Progressives in the house, has got both Democrats and Republicans squirming over the publication of their expense accounts for the last campaign, together with the statements of contributions and expenditures filed by the treasurers of the Progressive, Democratic and Republican national committees. The Democrats especially are up against a plain problem of keeping faith with their widely trumpeted demand for campaign fund publicity or demonstrating by their actions how that talk has been dangerous for purpose of campaign alone.

For eight or 10 years, the Democrats have been loud in their demands for campaign fund publicity. Mr. Bryan, especially, has been a most ardent advocate of the plan of compelling all candidates to make explicit statements of contributions both before and after election. After tremendous bother about it, a law was passed which was ratified by Democrats all over the country as a great triumph for the principle of publicity. But the law had been drawn with extreme cleverness, so that it merely provided for the filing of statements with the clerk of the house and said never a word about the printing or publication of them. It did not even provide against their destruction, which will take place automatically under the general practice with such records after 18 months.

### Only Meager Publicity.

All the national committee treasurers filed their statements last fall as required, and most of the candidates for Congress filed theirs. For a day or two at the prescribed time of filing, the newspaper men in Washington had access to these statements and articles of varying length were printed, confined almost wholly to the mere statement of total contributions and expenditures, with the names of the largest contributors to the various funds. Such publicity as there was did almost wholly with the national funds, and there was next to no comment about the congressional committees. There was no examination of any of the statements in detail, and there never has been any real publicity of them, nor was it ever possible for individuals away from Washington to examine them. All of which was very satisfactory to both Democrats and Republicans.

The Progressives have not made anything like the hullabaloo over campaign publicity that has distinguished Democratic campaigns, but they declared in favor of the principle in their platforms and in numerous cases where publicity of contributions only was demanded they filed statements giving publicity as well.

Mr. Murdock is a believer in giving practical effect to the platform declarations as well as theoretical support to them during a campaign. So he prepared a resolution providing for the printing of the records on the part of the house as a public document. He had his resolution ready on the first day of the session and at the earliest opportunity sought the floor to bring it up. Both the Democratic and Republican leaders had been informed of his purpose. The result was that as soon as he addressed the speaker, a motion to adjourn was made on the Democratic side. That motion is always in order and is not debatable, so there was no opportunity for Mr. Murdock to tell the house what he wanted to do. The Democrats followed their leader and voted to adjourn, cutting Mr. Murdock off for that day.

### Report Was Pigeonholed.

Then Mr. Murdock formally introduced his resolution. Such matters usually go to the committee on printing, but for some reason this one was referred to the committee on accounts, where it is still slumbering. This was the status of the matter when at the opening of the session on April 17, the speaker laid before the house the report of the clerk for the purpose of having it printed.

Mr. Murdock promptly asked Mr. Clark if the report included those statements of contributions and expenditures. The speaker replied that it did not, and explained that he did not think he had authority to direct the clerk to include them, but he would enter a motion to have that done. Immediately Mr. Murdock made that motion, and then the fun began.

Hardwick of Georgia, a Democrat of the old school, promptly raised a point of order against the motion. He said that if Mr. Murdock would ask unanimous consent to have the statements printed he would not object. Mr. Murdock knew plenty of other Democrats who would object, however, so he did not fall into that trap.

Sherley of Kentucky, one of the ardent members of the Democratic party, jumped to Hardwick's support. He declared that the duty laid on the clerk by the law was to file the statements, not to print them, and that if it was desired to have the statements printed, the proper procedure would be to change the law. Mr. Sherley is a firm believer in the literal observance of the law.

Mr. Murdock replied that the house has complete power over the clerk and could direct him to print the statements if it desired.

Mr. Lloyd of Missouri, another old school Democrat, who, from having been chairman of the Democratic congressional committee, knew pretty well what sort of dispositions will be made, got into the trapas with the assertion that publicly had been given already.

Mr. Murdock at once exploded that by showing how little publicity there really had been. He added that the statements should be put into document form so that the constituents of members and the people generally could gain access to them, and so that they could be permanently preserved.

All this time the Republicans had said silent. But now Mr. Mann, their Senate floor leader, jumped in with a vigorous argument to show that the Murdock motion was in order. Having done that he went on to complicate the situation by injecting a new tech-

The controversy finally brought the Democratic leaders Underwood and Fitzgerald to the floor. Fitzgerald is the Pat McFadden machine that served in party to get him into the Senate the last time. The speaker from Danville was elected speaker. Then Fitzgerald was elected chairman of the great committee on appropriations and now he is being used as far as the Democratic majority is concerned.

With this array of leaders inspection

it was apparent that the motion of Mr. Murdock was doomed, and it occasioned no surprise, therefore, when Speaker Clark sustained Mr. Hardwick's point and declared out of order the motion which he had invited Mr. Murdock to make.

Thus, by the second time Mr. Murdock had put the Democrats to a test of their sincerity on campaign fund publicity and they had gone on record as against it. But he is not through with the matter yet, and other opportunities will arise. In the end, not only will the statements be printed, but the whole country will understand the belligerency of the Democratic position in favor of campaign publicity.

## "WORKERS" THREATEN TO INVADE CITY UNLESS MEN ARE RELEASED

Threats were made yesterday from Salt Lake City that if the Industrial Workers of the World men in the city jail are not released within 500 members of that order will "march" on Colorado Springs from Utah immediately, and word was received from Denver that Denver, Colorado Springs and Pueblo will be invaded by the "workers" in an effort to show their disapproval of the treatment accorded the local prisoners.

A conference was held at the city hall yesterday, when a demand was made for the release of the men, and Mayor Avery will submit a report to the city council on the matter at its meeting this morning. In addition to

Commissioner Klinebaugh, chief of Police Bureau, Captain Stark, Capt. Neuman, spokesman for the prisoners, J. D. Johnson and M. J. Acton, Socialists, and J. A. Ong, attorney for the complainants, the "Socialists" and Neuman demanded the release of the prisoners at once with the further liberty of remaining in the city if they desire.

Neuman delineated the right of the speech and what he termed a chance to earn their own meat and lodging. He also talked on the constitutional rights of the "workers".

### Given Chance to Earn Board

He was reminded by Mayor Avery that the gang was taken to jail at its own request, and has been given an opportunity to earn its own board and lodging. He did not reply to this or to the statement that all but he and Grimes had agreed to work and their sentences on the rock piles. He also had nothing to say when it was explained to him that the law permits the use of chaining on prisoners in jail who will not obey the rules.

When the I. W. W. are the regulation prison food, last evening, after spending eight hours on the rock piles, showed but little interest in their spokesman's efforts.

Capt. Burns yesterday received the following telegram signed by E. H. Little, 117 W. 8<sup>th</sup> Temple, Salt Lake City:

"YOUNG EDUCATED AMERICAN Industrial Workers of the World, An injury to one is an injury to all."

Newspaper reports that 17 Industrial Workers are being starved in jail. It was released at once, 500 or more men will march on city at once.

Little's identification with the I. W. W. is not known by the local prisoners.

District Attorney Burchell, who first night:

### Purcell's Statement

Let them come—500 or 1,000. We will find plenty of work for them either on rock piles or county roads. But they will be compelled to earn their keep and will not be permitted to leave this community. The administration here may sound the warlock. Their

heads will be cut off, or suffer the same.

We don't fear your soldiers. We demand justice and will fight for it.

### THREE SEEK DIVORCE

Three dissident couples yesterday sought suit for divorce in the county court. Albeit acutely, Frank Williams seeks separation from Edna Williams, to whom he was wedded in Colorado Springs, December 24, 1912. Miss Williams' attorney, Frank Williams, who has been spending a few days in Denver on business, has returned to Colorado Springs.

Fred Copeland, president and general manager of the Colorado Sampling company's plant at Goldfield, spent yesterday in Colorado Springs on business.

Mr. and Mrs. Sidney J. Duren, of 29 North Tejon avenue, for the week past, Mr. and Mrs. Duren are well known in Colorado Springs.

D. M. Williams of 544 East Bijou street has returned to Colorado Springs after a two months' trip in the east. During his absence he traveled 5,000 miles and was in 17 states. He witnessed the inauguration of President Wilson. Williams has lived in Colorado Springs for the last 20 years.

Mack Skinner of Colorado Springs, former state senator from El Paso county, has returned from Denver. As announced in The Gazette a few days ago, he is still uncertain as to his appointment as interim revenue collector for Colorado. He has been recommended for the position, but beyond that has heard no news.

William Franklin, 20-year-old and actuary, the other night, at the home of Mrs. Freda Garrett, 610 West Bijou street, where he is boarding. She alleges that when he came home he broke up the furniture and tore her clothing into shreds. On a charge of malicious mischief, Franklin was arrested yesterday in Justice Brown's court and held to the district court in default of \$500 bail. He was committed to the county jail.

Just as he was about to board a train for Colorado, last night, at the home of Mrs. Decker, 22 years old, Charles Weigert was arrested on a charge of grand larceny and taken to the city jail. Decker is accused of the theft of a set of double harness from Mrs. W. H. Head, at 54 North Tejon street. He is said to have broken into a room in the rear of the premises, removed the harness and sold it. When chief of police Burns was arrested yesterday, the year ago, he arrested Decker on a charge of stealing articles valued at \$15 from J. W. Giddings. According to the Pueblo police, Decker has a bad record there.

How to Avoid Those Pains and Distress Which so Many Mothers Have Suffered.

It is a pity more women do not know of this. Here is a remedy that softens and relaxes the ligaments and enables women to do strength exercises without pain, nervousness, stiffness or fear of the dreaded "strain" or "sprain".

There is no foolish diet to harass the mind. The effects do not delay any pain and suffering, but are soon overcome. Thousands of women, so long as they are not over fat, though that sickness and distress are natural, know better, for in Mother's friends they have found a comfortable resting remedy to their aches and pains.

It is a saying, every woman should be familiar with, and even though she may not require such exercises, she should, and then those same prospective friends to whom she is a comfort to, will come as a comfort to her. This "sunbeam" remedy is a wonderful blessing. This "sunbeam" remedy is a wonderful blessing. This "sunbeam" remedy is a wonderful blessing.

The Y. M. C. A. juniores will finish the basketball season on the Boys club floor Friday night, playing the Boys club.

Wilson Peeler adopted Greenwich time. The result was an increase of business for electric companies by extending the working days a few minutes.

## More Business and Greater Publicity in Schools Urged

A meeting of citizens interested in matters pertaining to the management of our public schools was held at the residence of Mr. W. C. Sturgis last Monday evening. A very thorough discussion of school matters brought out the opinion that the policy pursued for many years in the management of the city schools might be improved upon in several ways, especially along the lines of the adoption of better business principles and a greater degree of publicity.

In order to put this opinion into effect the following recommendations were drawn up, and a committee was appointed for the purpose of urging

the school board to take action to

support the recommendations and to have them in mind in the election of members of the school board.

Recommendations.

1. We favor the making and publishing an annual report and account giving the funds on hand and the amount expended, with the gross, netting and remaining balance.

2. We favor the holding of a

meeting of all school parents in the city, to be held at least once a year.

3. We favor the holding of a

meeting of all school teachers in the city, to be held at least once a year.

# Fine Remedy for A Backward Child

Continue it for Only a Brief  
Period and the Good Re-  
sults will Surprise You.

A low state of the general health is  
now the accepted cause of backward-  
ness in children. So in the case of a  
backward child, it is best to look to-  
wards building up its health. It will  
usually be found that the main trouble  
is in the food, in lack of assimilation  
and digestion. Hence care should be  
taken in the kind of food given to the  
child, along with plenty of air and ex-  
ercise should bring about a change for  
the better.

Watch the conditions of the bowels,  
to note how the waste is being  
passed off, or not; or whether it is  
being passed too freely. If either con-  
dition prevails give a small dose of  
Syrup of Almond-oil. Or  
Caldwell's Syrup Pepsi. Thousands  
of mothers will testify to the wonder  
it has wrought in the lives of their own  
children, and say that the progress  
of families like those of Mrs. J. E.  
Brunt, 1902 9th Ave., Nashville, Tenn.,  
are never without it. In the house, Mrs.  
Brunt writes: "Harry had always  
been constipated until I gave him Dr.  
Caldwell's Syrup Pepsi. I am cer-  
tainly going to keep this medicine in  
the house in future for Elbow to be  
given. I am pleased to say that it is  
so pleasant, safe, that it is effective  
and yet is equally effective for  
grown people. All druggists sell it and  
the price is only thirty cents and one  
dollar a bottle, the latter for families  
who need it regularly."

HARRY BRUNT

Syrup Pepsi has no equal as a cure  
for constipation, indigestion, bilious-  
headaches, sour stomach, bilious-  
stomach, etc., and is a hundred per cent  
cure. It has so many advan-  
tages that those who once use it for-  
ever after discard cathartics, salts,  
pills and other coarse remedies, for  
they are seldom advisable and should  
never be given to children.

If no member of your family has  
ever used Dr. Caldwell's Syrup Pepsi  
we invite you to make a personal trial of it  
before buying it in the regular way of a  
druggist, send your address, a postal  
will do, to Dr. W. B. Caldwell, 417  
Washington St., Montello, Ill., and a  
free sample bottle will be mailed you.

## KILBANE AND DUNDEE GO 20 ROUNDS TO A DRAW

LOS ANGELES, April 29.—Johnny Dundee was given a draw at the end of his 20-round fight tonight with Johnny Kilbane, the New York featherweight champion. Kilbane apparently out-scolded the Italian in every round but Dundee's twentieth-round finish, in the opinion of Referee Exton, earned him a draw. The decision was unanimous and the crowd voiced its disapproval.

Johnny Kilbane of Cleveland, weight-champion of the first time, since he won from Abe Attell here, February 22, 1912, against Johnny Dundee, the New York featherweight. Fighting odds were 2 to 1, with comparatively little Dundee money in sight just before the fight.

Both men were slightly under the required 12 pounds.

Round 1.—Referee Exton started the fight at 9:22. They rushed into Kilbane's ring, but the ropes were broken and Dundee planted a hard left to the stomach. Kilbane grabbed at the body in a clinch. Dundee sent a right to the head, and the crowd money in sight just before the fight.

Round 2.—Kilbane rushed the Italian to the ropes, planting a hard right to the stomach. He jabbed Dundee with a hard left to the face. Dundee grabbed at the body in a clinch. Dundee sent a right to the head, and the crowd money in sight just before the fight.

Round 3.—Dundee tried his leading in-the-air blow, but Kilbane was three feet away before he could land. Kilbane rushed the New Yorker to the ropes. Both did clever work for a long range, but neither landed a hard blow. Kilbane took an aggressive and clinched Kilbane around the ring. Kilbane took a right to the head as the bell rang. Round even.

Round 4.—Dundee put two hard lefts to the jaw without a return and they clinched. The champion fought Dundee twice in the face. Kilbane landed left on jaw and was pestered for Dundee's chin with a stinging left. Kilbane landed a hard right to the stomach.

Round 5.—Dundee tried his leading in-the-air blow, but Kilbane was three feet away before he could land. Kilbane rushed the New Yorker to the ropes. Both did clever work for a long range, but neither landed a hard blow. Kilbane took an aggressive and clinched Kilbane around the ring. Kilbane took a right to the head as the bell rang. Round even.

Round 6.—Dundee put two hard lefts to the jaw without a return and they clinched. They exchanged lefts to the jaw. Each landed a hard left to the jaw and they clinched. Dundee landed left on jaw and was pestered for Dundee's chin with a stinging left. Kilbane landed a hard right to the stomach.

Round 7.—Dundee's eyes were both swollen as he came up to meet a straight left to the jaw. Kilbane blocked many blows and landed a right to the face. Kilbane drove left and right to stomach as Dundee tried to reach him via the air route. Kilbane sent the Italian to the ropes. Kilbane's round.

Round 8.—Dundee jumped at the champion and took several jabs to the body. Kilbane held on. Kilbane landed a right swing and drove his left to the stomach. Dundee clinched both landing effective blows to the face. Kilbane's mouth and Dundee's right eye were bleeding. Kilbane's round.

Round 9.—Dundee landed in the center of the ring with counter blows to the body. Kilbane landed both hands to Dundee's sore eye. Dundee hit three hard rights to the champion's face and Kilbane clinched. Dundee sent the champion's head back with a straight left and staggered the champion with a right to the chin. Dundee reeled to the ropes, under a series of blows to the face. Kilbane's round.

Round 10.—Dundee drove a hard left to the jaw and the champion rushed him to the ropes. They wrestled about the ring. Kilbane plants a right uppercut to the Italian's bad eye. The going found them in a clinch.

Round 11.—Dundee's leading was ineffective. Kilbane put two straight lefts to the jaw and drove a hard right to the stomach. Dundee landed and slipped to Kilbane's jaw with a left left, and was jumping about when the gong rang. Kilbane's round.

Round 12.—Dundee covered up and the champion used his left on the stomach. Dundee planted a left and took several hard blows to the stomach. Dundee's sore eye and ducked violent swings.

Round 13.—Dundee rushed but was met with two uppercuts. He drove a hard left to the chin. Both landed lightly. Kilbane had the better with short arm blows. He staggered Dundee throughout the round.

Round 14.—They touched gloves and jumped into a clinch, taking several jabs to the face. They exchanged stiff rights to the face. Dundee fighting desperately, Dundee landed the champion into an opening and sent a hard left to the jaw. They clinched. Kilbane's soaring heavily out the body. The Italian battled viciously, putting lefts and rights to the jaw, though apparently without damage, and the gong rang.

Round 15.—Dundee's leading was ineffective. Kilbane put two straight lefts to the jaw and drove a hard right to the stomach. Dundee landed and slipped to Kilbane's jaw with a left left, and was jumping about when the gong rang. Kilbane's round.

Round 16.—Dundee's leading was ineffective. Kilbane put two straight lefts to the jaw and drove a hard right to the stomach. Dundee landed and slipped to Kilbane's jaw with a left left, and was jumping about when the gong rang. Kilbane's round.

Round 17.—Kilbane flailed body and face with both hands. They wrestled about and the champion sent Dundee to the ropes with a terrific right uppercut. Dundee held on and the referee broke them apart. Kilbane sent Dundee's eye with a right swing. Kilbane's round.

Round 18.—Dundee covered up and the champion used his left on the stomach. Dundee planted a left and took several hard blows to the stomach. Dundee's sore eye and ducked violent swings.

Round 19.—Dundee rushed but was met with two uppercuts. He drove a hard left to the chin. Both landed lightly. Kilbane had the better with short arm blows. He staggered Dundee throughout the round.

Round 20.—They touched gloves and jumped into a clinch, taking several jabs to the face. They exchanged stiff rights to the face. ## COLORADO SPRINGS IN MOVING PICTURES

The moving picture show is the popular amusement feature of the day. There is scarcely a town or village in the country without its five or ten-cent moving picture theater, and in the larger cities such places are numbered by the dozens and scores. Millions of people every day patronize the "movies." But it is not only as an amusement enterprise that the pictures have become popular; they are being generally adopted in public schools as an educational means.

A good film which proves to be of interest to the public is shown on all the circuits and is eventually seen by people throughout the country. No matter what the subject may be, if the people like it the managers of the moving picture theaters are more than willing to exhibit it. And since there are a great many things in and about Colorado Springs which are interesting subjects for moving pictures it follows that the exhibition of such pictures is a valuable means of publicity for the Pikes Peak Region.

The Chamber of Commerce through its Advertising Committee has arranged with one of the large moving picture concerns to make a complete set of views of this region which will later be shown throughout the United States. The pictures will include street scenes, and the scenic attractions. They will be complete in every detail, and the person who sees them thrown on the screen this summer will thereby gain a clearer idea of the Pikes Peak Region than he could obtain from volumes of reading matter.

This is one of many effective measures adopted by the Chamber of Commerce to advertise Colorado Springs as a scenic resort. It is the kind of work that produces results—results which benefit everybody here by contributing to the material prosperity of the entire community.

## AUSTRIA AND MONTENEGRO

PRESS reports of the latest crisis in the Balkans are meager and unsatisfactory, but they indicate that the little kingdom of Montenegro has been compelled to yield to the threat of the great powers. Prince Danilo, in command of the Montenegrin army, which recently captured Scutari, is reported to have evacuated the place, presumably at the demand of Austria.

In view of the heretofore defiant attitude of King Nicholas, this is an unexpected thing. It may or may not mean that the Montenegrins have decided to submit without fighting. It is plain that they are the victims of outrageous injustice, but it is equally plain that resistance would only mean national extinction, the eventual annexation of their country to Austria as a province.

The triumph of every form of justice is necessary in Montenegro. It is a little mountain country, small both in area and population, and isolated, the only movement against Turkey has tall expressly to regain Scutari, its ancient capital, which was taken from it by the Turks centuries ago. In the present war the efforts of the Montenegrins were centered in the siege of that town, which surrendered only a few days ago after holding out nearly six months.

Clear, Montenegro was entitled to the fruits of victory. Its government and people declared their intention to hold Scutari at all costs and to make it the seat of government, as it had been in the past. But Austria, which has long aimed at the control of that region, interrupted an objection and gained the support of the other powers, all of which are opposed to the growth of the Balkan kingdoms. At first Montenegro insisted on its right to retain the captured town, but it has been plain from the beginning that war would only have meant the extinction of the phlegmatic little kingdom.

It is not another instance of the time-honored mis-treatment by the big military powers of their weaker neighbors. The Montenegrins are in sight, and it is not promptly forthcoming when taken in any way by force of arms.

## MR. BRYAN IN CALIFORNIA

SECRETARY BRYAN has presented his case to the California legislature, and it remains to be seen whether that body will heed his advice or whether it will adhere to its original intention to express in the form of law the antipathy of California people toward the Japanese.

Neither the administration which Mr. Bryan represents, nor anybody else, denies the absolute right of the California legislature to enact such a law as is contemplated. Mr. Bryan's plea is not based on the legal aspect of the matter but rather on the universal desire to avoid conflict. It ought to be understood that the Japanese government and the sober-thinking portion of the Japanese people are quite as anxious to avoid trouble as are the American government and people.

It is this plan for handling the derelicts must have the approval of all good citizens; first because it is so in harmony with the leading features of our civilization! The humane society can approve it. The taxpayers will be relieved from maintaining the institutions. The fertilizing products will pay all other expenses, and the meat will be a present to the great multitude of widows and orphans, especially to those made so through fathers and husbands in the service of the rubber kings.

If this plan for handling the derelicts of our much-hated civilization is not approved, then gives us another civilization—one in which every man, every woman, every child, shall be measured not by dollars or lands, or bonds, but by the heart, the mind, the soul, as children of God, in a great just-minded brotherhood, where the good is fostered and not the base—not the vice.

JAMES HUTCHINSON KERR.

## QUESTIONS

To the Editor of The Gazette:

If religion is good to be, it is all right for winter; why is it not worth while to live by and practice for summer?

Even if this one excuse for cutting down on services, rums, people vacate in warm weather, is it not true that other people (perhaps the more sensible) may not be quite so ready, spiritually, come to town?

If we knew that the world was coming to an end in a month, would we spend the next 30 odd days praying that our sins of omission and commission, as well as our negligences and ignorances, be forgotten, or would we still go on striving for things?

Presuming that not a single individual might take advantage of an invitation to "enter God's house for meditation and prayer," during week days, maybe such a welcome posted on an open church door, might at least be a reminder to the passerby that "man does not live by bread alone, and that someone had thoughts and intents" of other things, rather than the worries and cares of the present. What?

Do we want Billy Sunday? Do we want Billy (anybody but satan) when we have him long enough? Somebody may day in the week to shake us up for keeps? Are we afraid?

Colorado Springs, April 29.

## FROM OTHER PENNS

ENGLAND'S DISGRACE

From the Philadelphia Inquirer:

The disgrace of England does not lie in the everything-but-murder crimes that big militant subtractions are committing.

It lies in the abominably weak and contemptible government that actually fosters crime by its action in releasing from prison every woman who refuses to eat.

The government of England, as it exists today, is howling like a dog.

## BETTER THAN FORCIBLE FEEDING

From the New York Sun:

The British government is to be congratulated upon its new departure in setting aside its dishes before the militant suffragettes restrained of their liberty. Forcible feeding makes martyrs, the practice is repugnant to normal people who enjoy three meals a day, and it may kill instead of saving. But martyrdom can never be associated with an opportunity to partake of a fragrant dish stew or to indulge a dish of roast beef medium and Yorkshire pudding.

An American doctor who has the assistance of a good cook is a better representative of a civilized home than the best of surgeons with a feeding tube. There are methods of people on the verge of starvation in England; there are other methods who live on husks. These poor devils and these necessitous ones who battle with the wolf at the door will lose what little interest they have in life. Emmeline Pankhurst as a rebel against the government when they learn that she could have eaten her fill of dishes of savory, but would not touch them.

It is all very well to admire the lady the next multitude, but one established no record for fasting and who would starve nine days for liberty. On the same terms all the jail in England would go on a hunger strike.

To the Editor of The Gazette:

Will you kindly tell us what can be done to insure our easy right to aerate the trees and lawns of the winter that is running to waste down the mountain? If they would only listen, they would hear every tree in the city pleading for water.

The melting snows do not get down to the roots, and the soils as dry as sand when water is turned over. The hours of sunbaking are short and the small roots which are the life of the trees do not receive enough of moisture and cause many dead limbs which injure the trees, destroying their beauty and their vigor.

The only hope of this great country is irrigation. In a rainy country the stored water in the winter and early spring, after the dries up, would be of the most use. In March and April to give them life again and there is water in abundance. It is a picture who and young feel full of life when the snows melt.

## NEW YORK MARKET

## CHICAGO MARKET

NEW YORK, April 29.—The pronounced weakness of European markets caused by reports of Austria's belligerent attitude toward Montenegro was of direct influence on the home market, where sales were depressed during today. Many of the important stocks made new low records for the year with numerous losses on the day, one to three points, a treasure was beaten against the international stocks, particularly Republic, Pacific, which summed 5 points. Steel, the Herrimans, Koing, and Amalgamated displayed marked weakness.

American stocks in London, which had shown general advances, weakened abruptly before the opening here and some of the early selling in this market was for foreign account.

Before midday the list stiffened, but in the afternoon active selling was resumed, continuing in a vigorous drive.

The market, which had been held to the low point of the session, settling around 100, in other words, was more favorable than had been generally predicted.

The expected announcement of an issue of New York city bonds was made today, the city offering \$4,000,000 last year. Seaboard clearances were depressed by the announcement of some of them touching new low points.

The new bonds sold when issued on the curb at 100. For an issue of \$25,000,000 the very obtaining an average of 100, and for a 1908 issue an average of 100.

On account of present conditions in the money market bankers predicted that the average for the new issue would be under 100.

### May Day Specials

Do you remember the joy those dear little May baskets used to bring you? How the children love to find them mysteriously left at their door?

We have some very beautiful tiny baskets this year for the young folks; the older ones, too, would love to be remembered with one of our dainty baskets of fruit or candy.

Our tiny "teacup and saucer" baskets are exquisitely shaped and will hold just the right amount of salted nuts or little candies for one person.

Come in and see how really attractive, how different, our May-day favors are.

SENT TO PENITENTIARY  
FOR BURNING STORE

SOUTH BEND, Ind., April 28.—Ben Kahn, convicted of burning his store here, today was sentenced to from 2 to 21 years in the Indiana state prison. Kahn was admitted to fall pending an appeal to the supreme court, in bonds of \$10,000.

Evidence was introduced at Kahn's trial tending to show the workings of an alleged arson trust in many central west states. It also resulted in the confession of Ben Pink that he was the "torch" for the trust. Nearly 100 arrests have been made in the investigation.

**PORTUGUESE SOLDIERS ARE  
ARRESTED FOR DISORDERS**

LISBON, Portugal, April 29.—Among those under arrest here for participation in anti-governmental disorders, on Sunday, are General Fausto Guedes, Captain António Fontes and Seixas and 20 other commissioned officers of various regiments together with numerous non-commissioned officers. Many of the prisoners have been placed in cells or board the Portuguese cruiser *Almirante Reis*.

### JUSTICE WHITE'S GLASSES PLAY HIM FALSE ON DATES

WASHINGTON, April 29.—Despite announcement by Chief Justice White that the supreme court would be in session May 11 the court will not meet that day. May 11 is Sunday. The chief justice's glasses played him false when he read a memorandum. He meant to say that the court would be in session on Monday, May 12, and on that day would take a recess. It has been ordered accordingly.

Men, Ark.—"I find Cardui to be all you represent," writes Mrs. H. B. York, of this city. "I suffered from womanly ailments for nearly two years before I tried Cardui. I have been so relieved since taking it. I cannot say enough in its praise. It has done me a world of good, and I recommend Cardui to all women." Cardui is over 50 years old, and the demand is greater today than ever. Cardui is the standard tonic medicine for women of every age. Would you like to be well and strong? Then take Cardui. Its record shows that it will help you. Begin today. Why wait?

Adv.

"We've got to educate public opinion to desire and educate suitable feminine dress," he reasoned. "Now, have you heard what they're doing in a certain big department store in Colorado? I mean, they're doing things that have shocked us all so often. They have a rule that every girl employee of the store no matter what her salary, shall dress either in all black or in all white, silk and satin barred. The head of a department and the little cash girls must each appear in the same simple, modest garm. I think this would be
